Paper Claim Billing Guidelines for Group Practices billing with NPI only:

- The National Provider Identifier (NPI) for the *rendering provider performing the service* must be submitted in field 24J of the CMS-1500 claim form. If submitted, the corresponding taxonomy for the rendering provider is entered in the shaded line in field 24J with the ZZ qualifier in field 24I. The rendering provider must be enrolled with Alaska Medicaid and must have furnished their NPI in their enrollment packet. The NPI in field 24J, and the taxonomy, if provided, must match the NPI and taxonomy included in their enrollment packet.
